Patient survey results

HCAHPS (Home Health Consumer Assessment of Healthcare Providers and Systems) is a national survey that asks patients about their recent experiences with a home health agency. Use the results shown here to compare home health agencies based on 4 important home health agency quality topics.

Find out why these measures and the star ratings are important.

Learn more about the data and star ratings.

Get the current data collection period.

Star ratings are only displayed for home health agencies that submit at least 40 completed home health patient surveys in the reporting period.

	A-1 HOME HEALTH CARE	CALIFORNIA AVERAGE	NATIONAL AVERAGE
Patient survey summary star rating. More stars are better. Learn more	4 out of 5 stars 11
